2024 AMGA ANNUAL CONFERENCE
Platinum Sponsor | **April 9–12, 2024**
EXACT SCIENCES | Rosen Shingle Creek | Orlando, FL

January 2024 Edition

[Join us](#) April 9-12 for the AMGA 2024 Annual Conference in Orlando! This year's program focuses on how leadership affects organizational culture; the impact of technology and innovation in healthcare; how patient-centered care offers a holistic approach to an individual's health needs and desired health outcomes; and operations, finance, and workforce issues affecting health systems and medical groups. By attending, you'll be sure to make connections and learn from other high-performing medical groups and health systems!

While in Orlando, the Rise to Immunize[®] (RIZE) campaign is excited to host the "RIZE Meet & Greet Breakfast" on April 12. This breakfast is a great way to meet and network with fellow campaign participants on the same journey to improve adult immunization care. More details regarding time and location are forthcoming. This breakfast is hosted by Pfizer, Inc. to encourage peer-to-peer learning and is only open to representatives from medical groups and health systems enrolled in RIZE.

"Excelling on the Influenza Measure"

Sara Coleman, MPH, MBA

The January campaign webinar will feature [Sara Coleman, MPH, MBA](#), and [Veeraj Thakkar, MHA](#), of UC San Francisco Health. Sara is the director of population health quality and performance improvement, and Veeraj is the project manager, population health. Together they work to improve population health in the San Francisco area, which includes promoting vaccinations in their community. The organization has seen success on influenza vaccination rates and exceeded the national vaccination average of 46.9% among their adult patients in the most recent flu season.

Veeraj Thakkar, MHA

[Join us](#) on January 18 to learn more from Sara and Veeraj about excelling on the influenza measure.

Campaign Spotlight

[Dynavax Technologies](#) has joined our campaign and is now a Contributing Sponsor of RIZE! Dynavax is a commercial-stage biopharmaceutical company committed to developing and commercializing novel vaccines to help protect the world against infectious diseases by utilizing proven, innovative adjuvant technology. Our sponsors enable RIZE to provide educational programming, develop important tools and resources, and conduct research and data analysis, among many other critical campaign activities.

Resource of the Month

The Centers for Disease Control and Prevention (CDC) recently posted the [2024 Adult Immunization Schedule](#). This schedule is an essential tool to help you determine recommended vaccinations by age, assess the need for additional vaccinations by medical condition or other indication, review vaccine intervals, and evaluate contraindications and precautions for vaccine type. Updates to the schedule include but are not limited to changes to the COVID-19 vaccine recommendations and inclusion of the RSV vaccine recommendation. Utilize the schedule to ensure your patients are up to date on all recommended vaccines.
