# Industry Leaders Are Making a Difference.

**M**embers of the **Chronic Care Roundtable** (CCR) are collaborating with healthcare leaders to address the most pressing chronic and preventable diseases. Comprised of industry representatives from across the healthcare field, the Roundtable provides key resources and vital input to ensure better health and care for patients.

Chronic diseases account for the vast majority of health spending: 81% of hospital admissions, 91% of prescriptions filled, and 76% of all physician visits. AMGA Foundation is addressing these pressing conditions by uniting medical groups, health systems, and industry partners to improve chronic care.

**Measure Up  
Pressure Down**®

**Measure Up/ Pressure Down**®, our first national health campaign under this initiative, improved hypertension detection and control for over half a million Americans.

**Together2Goal**®

Our second health campaign, **Together 2 Goal**®, improved care for more than one million people with type 2 diabetes.

**Rise to Immunize**™, our current national campaign, aims to empower AMGA medical groups and health systems to collectively administer 25 million vaccines by 2025.

## We invite you to join the Chronic Care Roundtable.

AMGA Foundation supports AMGA members in their efforts to enhance population health and quality improvement initiatives. The Chronic Care Roundtable provides an opportunity for industry leaders, national clinical experts, and other key stakeholders to shape strategies, tactics, and metrics to improve health outcomes for patients with chronic and preventable diseases.

## Our CCR Corporate Members

## Benefits of Membership

- **Networking and access.** Substantive and personal interaction with AMGA Foundation leadership and AMGA members, representing the top medical groups in the country, as well as with your fellow industry leaders engaged in improving care delivery.
- **Making a difference.** Opportunity to shape, design, and guide population health initiatives and health campaigns on chronic care. Option to submit a non-branded resource or article in our *Chronic Care Roundup* and on the CCR webpage.
- **Visibility.** Increased visibility among AMGA members, including some of the premier medical groups in the country, and the more than 120 million patients they serve. Also, national recognition through various AMGA communications, including AMGA's flagship publication, *Group Practice Journal*, and the Foundation's e-newsletters, *Chronic Care Roundup* and *AMGA Foundation Connector*.
- **Understanding gaps in care.** Gain insight into the gaps in resources that medical groups are experiencing and how your products and/or services can help bridge those gaps. Access to valuable data analysis from AMGA's research and data experts during CCR meetings.

## Membership Activities

Your company will be deeply connected to AMGA Foundation, our leaders, our board, and our AMGA member groups through:

- Two annual and highly interactive meetings
- Collaboration with medical group leaders on meeting summary
